SUPPLEMENTARY INFORMATION:

This document reopens the public comment period established in the **Federal Register** document of September 17, 2018. In that document, EPA proposed SNURs for 28 chemical substances. EPA received a request to extend the comment period for 30 days but the request was received too late to publish an extension of the comment period before the comment period expired. EPA is hereby reopening the comment period for 30 days.

Note that in the September 17, 2018 issue of the **Federal Register** including the proposed SNURs for 28 chemical substances, the Agency also issued direct final SNURs for these chemical substances (83 FR 47004) (FRL-9983-14). As of the date of signature of this action to reopen the comment period on the proposed rule, that direct final rule

was in the process of being withdrawn because of the receipt of adverse comments and a request to extend the comment period. EPA will address all adverse public comments in a subsequent final rule, based on the proposed rule.

To submit comments, or access the docket, please follow the detailed instructions provided under **ADDRESSES** in the **Federal Register** document of September 17, 2018.
